

Our success as medical communications agency is based on staff with a wide range of abilities and expertise. We have opportunities for the right candidate within our growing team if you are highly motivated, thrive on pressure, are able to work to tight deadlines and embrace the importance of delivering high quality service.

Specifically we are looking for native English speakers with a background in natural sciences, medicine or the pharmaceutical industry.

Qualifications / Skills / Knowledge required

- University degree in a biomedical science
- Scientific writing ability with attention to detail – style/consistency, grammar, syntax, scientific accuracy, proof-reading, layout, etc
- Good interpersonal and communication skills
- Good IT skills (including WORD, PowerPoint, database searching, graphics packages, Internet, etc.)
- Project management and organisational skills
- Budgetary awareness
- Willingness to travel

A good knowledge in a number of therapeutic areas and therapies would be welcome

Opportunities for full-time and/or part-time positions are available.

If you think you have the drive and ambition to move into a more expansive role with significant opportunities, please contact us

Write enclosing your c.v. – or phone:
